INFO-IN-IMAGES

UHD/4K Zoom Video Microscope

HD Zoom Video Microscope

Digital & Optical Microscopes

Compact Auto Slide Scanner

Research Auto Slide Scanner

High & Ultra-High Resolution
Video Microscopes

Compact & High-Capacity
Automated Slide Digitisation

AI-Based Analytical Software
for Pollen Counts

INFO-IN-IMAGES

ULTRA-HIGH RESOLUTION ZOOM VIDEO MICROSCOPE

- Construction for PUBLIC USE
- Simple Zoom & Focus Controls
- Magnification Range **2x – 40x**
- 4K Integrated Camera
- Resolution 3640 x 2160 Pixels
- Built-In Top and Base LED Illumination
- Image Capture & Annotation via Wireless Mouse

INFO-IN-IMAGES

HIGH RESOLUTION ZOOM VIDEO MICROSCOPE

- Rugged Design for Public Areas
- Simple Zoom & Focus Controls
- Magnification Range 4x – 40x
- HD Integrated Camera
- Resolution 1920 x 1080 Pixels
- Built-In Top and Base LED Illumination
- Compact 'Footprint'

INFO-IN-IMAGES

COMPACT AUTOMATED SLIDE SCANNER

- Compact Format Fully Automated Slide Scanning
- Portable or Static Use
- 20x or 40x Objective Models
- Single or 4-Slide **Capacity**
- **Built-In Image Stacking**
- **Whole Slide or Region of Interest Scanning**

INFO-IN-IMAGES

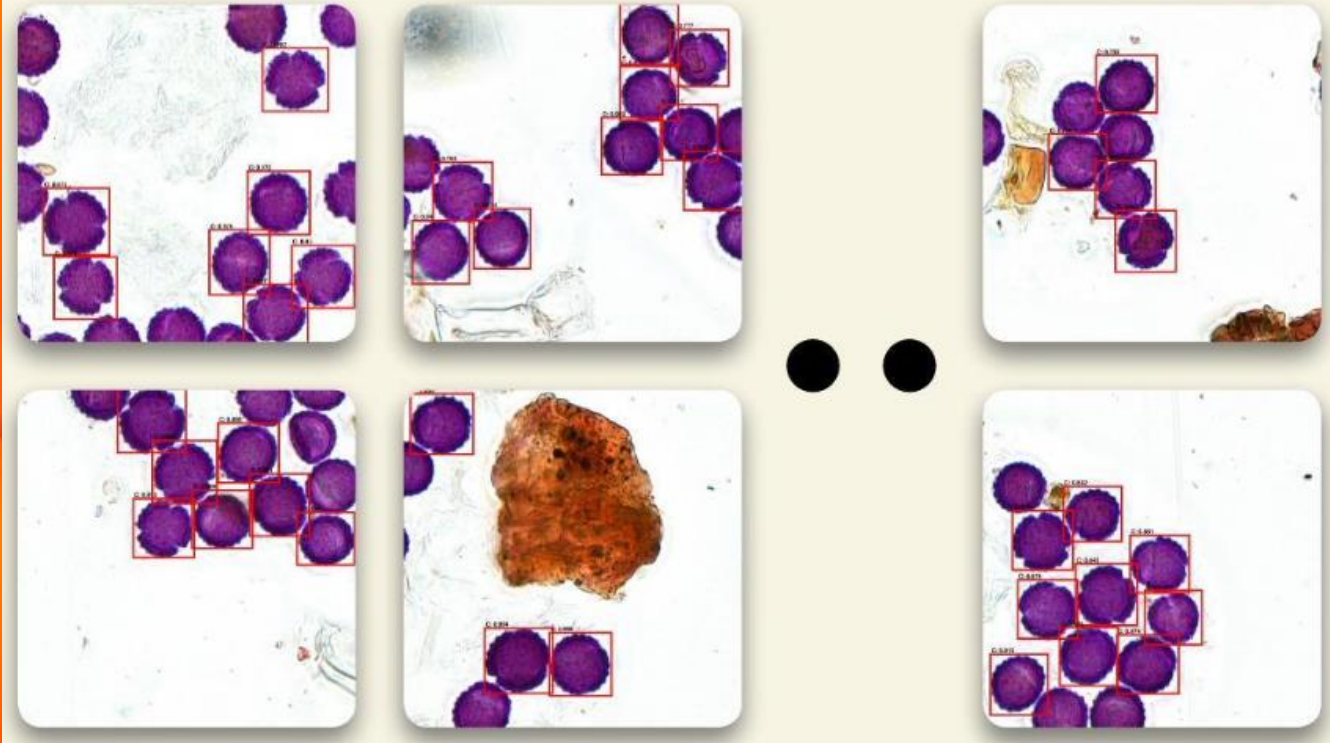

COMPACT AUTOMATED SLIDE SCANNER

- Advanced Automated Slide Scanning Systems
- 20x or 40x Objective Models
- Dual or 20-Slide Capacity
- Built-In Image Stacking
- Whole Slide or Region of Interest Scanning
- Multiple Scanner Configurations for Large Volume Digitisation

INFO-IN-IMAGES

AI-Based Identification and Enumeration Software for Pollen and Particle Analysis

- For Use with INFO-IN-IMAGES Automated Slide Scanning Systems
- Automatically Analyses Whole Slide or Regions within a Slide
- Automatically 'Learns' the Sample Features
- 'Identifies' and Counts the Slide Population
- Reports the population by sample type/species and count
- Saves the Analytical Data
